

Fall Out Boy - Champion

Tom: C

Am C G Dm
Champion, champion

Am C
I'm calling you from the future

G Dm
To let you know we made mistakes

Am
And there's a fog from the past

C G Dm
That's giving me, giving me such a headache

Am
And I'm back with a madness

C
I'm a champion of the people who don't believe in champions

G
I got nothing but dreams inside

Dm
I got nothing but dreams

Am C
I'm just young enough to still believe, still believe

G
But young enough not to know what to believe in
Young enough not to know what to believe in, yeah

F
If I can live through this

Am
If I can live through this

G
If I can live through this

G
If I can live through this

G Dm

Am
I got rage every day, on the inside

C
The only thing I do is sit around and kill time

G Dm
I'm trying to blow out the party light, I'm trying to blow out the light

Am C
I'm just young enough to still believe, still believe

G
But young enough not to know what to believe in
Young enough not to know what to believe
