

Fall Out Boy - Champion

Tom: C

Am C G Dm
Champion, champion

I'm calling you from the future
G Dm
To let you know we made mistakes
Am
And there's a fog from the past
C G Dm
That's giving me, giving me such a headache
Am
And I'm back with a madness
C
I'm a champion of the people who don't believe in champions
G
I got nothing but dreams inside
Dm
I got nothing but dreams

I'm just young enough to still believe, still believe C
G
But young enough not to know what to believe in
Young enough not to know what to believe in, yeah

F
If I can live through this
Am
If I can live through this
G
If I can live through this
G
I can do anything
F
If I can live through this
Am
If I can live through this
G
If I can live through this
G
I can do anything
Am C
Champion, champion
G Dm
Champion, champion

I got rage every day, on the inside Am
C
The only thing I do is sit around and kill time
G Dm
I'm trying to blow out the party light, I'm trying to blow out the light

I'm just young enough to still believe, still believe Am C
G
But young enough not to know what to believe in
Young enough not to know what to believe
