Every single lie you said (and learned from the best)

Cause every pain of glass that your pebbles tap negates
Am F Em G Am
The pains I went through to avoid you
F Em G Am
And every little pat on the shoulder for attention fails to
Mention I still hate you

But there's a light on in chicao
Am G F
And I know I should be home
Am C F
All the corners of the street signs
D Am G F
They remind me of the pickup truck out in front of your
Neighbor's house

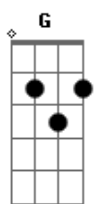

F C G
She took me down and said
Em F C G Em F
Boys like you are overrated, so save your breath
F C G Em F
Loaded words and loaded friends

Are loaded guns to our heads
