

# Fall Out Boy - I Don't Care

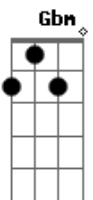

tom:  
**C**  
 Say my name and his in the same breath  
**Gbm Bm**  
 I dare you to say they taste the same  
**D Bm**  
 Let the leaves fall off in the summer  
**Gbm Bm**  
 And let December glow in flames  
**Gbm Bm**  
 Brace myself and let go  
**Gbm Bm**  
 Start it over again in Mexico  
**D Dbm Bm A**  
 These friends, they don't love you  
**Gbm Bm**  
 They just love the hotel suites now  
**Gbm A D Bm**  
 I don't care what you think, as long as it's about me  
**D Bm Gbm**

The best of us can find happiness in misery  
**Gbm A D Bm**  
 I don't care what you think, as long as it's about me  
**D Bm Gbm**  
 The best of us can find happiness in misery  
**Gbm Bm**  
 Oh take a chance, let your body get a tolerance  
**Gbm Bm**  
 I'm not a chance, but a heat wave in your pants  
**D Dbm Bm**  
 Pull a breath like another cigarette  
**A Gbm Bm**  
 Palms up, I'm trading em'  
**Gbm Bm**  
 I'm the oracle in my chest  
**Gbm Bm**  
 Let the guitar scream like a fascist  
**D Dbm**  
 Sweat it out, shut your mouth  
**Bm A Gbm Bm**  
 Free love on the streets, but in the alley ain't cheap now
