

# Fall Out Boy - Ive Got A Dark Ally And A Bad Idea That Says You Should Shut Your Mouth

Tom: C

(intro) C F C F C F G

G C F C

Joke me something awful just like kisses on the necks of "best friends"

C F (C) G

We're the kids who feel like dead ends

C C (C) G F

And I want to be known for my hits, not just my misses

C C (C) G

I took a shot and didn't even come close

C F G

At trust and love and hope

C F C G

And the poets are just kids who didn't make it

C F G

and never had it at all

(riff)

"..never.."

Amsus C F

And the record won't stop skipping

Amsus C F

And the lies just won't stop slipping

C F G

And besides my reputation's on the line

Amsus C F

We can fake it for the airwaves

Amsus C F

Force our smiles, baby, half dead

C F G

From comparing myself to everyone else around me

G C F C

Please put the doctor on the phone 'cause I'm not making any sense

C F G

Blame everyone but me for this mess

C F C F

And my back has been breaking from this heavy heart

C F G

We never seemed so far

C F G

I'm hopelessly hopeful, that you're just hopeless enough

C F G

But we never had it at all

(riff)

"..never.."

Amsus C F

And the record won't stop skipping

Amsus C F

And the lies just won't stop slipping

C F G

And besides my reputation's on the line

Amsus C F

We can fake it for the airwaves

Amsus C F

Force our smiles, baby, half dead

C F G

From comparing myself to everyone else around me

C F G

everyone else around me

C F G

everyone else around me

C F G

everyone else around me

( C F G C )
