

Fall Out Boy - Jet Pack Blues

Tom: G

Em
I got those jet pack blues

Em
Just like Judy

C **G**
The kind that makes June feel like September

G
I'm the last one that you'll ever remember

Em
And I'm trying to find that peace of mind

C **G**
Behind these two white highway lines

G
When the city goes silent

G
The ringing in my ears gets violent

Em **C** **G**
She's in a long black coat tonight

Em **C** **G**
Waiting for me in the downpour outside

Em **C** **G**
She's singing "Baby come home" in a melody of tears

Em **C** **G**
While the rhythm of the rain keeps time

C
And I remember "Baby, come home"

D **Em** **G**
I remember "Baby, come home"

C
I remember "Baby, come home"

D **Em** **G**
I remember "Baby, come home"

C
Did you ever love her? Do you know?

D **Em** **G**
Or did you never want to be alone?

C
And she was singing "Baby, come home"

D **Em** **G**
I remember "Baby, come home"

Em
I've got those jet pack blues

Em **C** **G**
Fight off the light tonight and just stay with me

G
Honey, don't you leave

Em
Don't you remember how we used to split a drink?

Em
It never mattered what it was

C **G**
I think our hands were just that close

G
The sweetness never lasted, no

Em **C** **G**
She's in a long black coat tonight

Em **C** **G**
Waiting for me in the downpour outside

Em **C** **G**
She's singing "Baby come home" in a melody of tears
