

# Familiar 48 - I Know

tom:

Intro: G Cadd9 Em Cadd9

[Primeira Parte]

Take away, my fears  
Just so I can face another day  
Wash away, my tears  
And tell me everything is gonna be ok

[Ponte]

Would you lie to me?  
Would you cover up my eyes?  
Would you tell me so im not so suprised?  
I wish you'd shelter me  
I wish you'd bring me in again  
But I know inside that i've reached the end

[Refrão]

I know you can not forgive me now  
I know the hardest part is getting by  
I know theres no way to change this now  
This time I already know

( G Cadd9 Em Cadd9 )

Understand, how I feel  
Losing you has taken me away  
My mistake, that I deal with  
I deal with time, and over time again

[Ponte]

Would you lie to me?  
Would you cover up my eyes?  
Would you tell me so im not so suprised?  
I wish you'd shelter me  
I wish you'd bring me in again  
But I know inside that i've reached the end

[Refrão]

I know you can not forgive me now  
I know the hardest part is getting by  
I know theres no way to change this now  
This time I already know

I know you can not forgive me now  
I know the hardest part is getting by  
I know theres no way to change this now  
This time i'm letting go
