# Familiar 48 - I Know

```
                         tom:
                   G
Intro: G  Cadd9  Em  Cadd9

[Primeira Parte]

     G        Cadd9
Take away, my fears
Em                    Cadd9
Just so I can face another day
     G        Cadd9
Wash away, my tears
       Em                    Cadd9
And tell me everything is gonna be ok

[Ponte]

          Em
Would you lie to me?
          Cadd9
Would you cover up my eyes?
         G                D
Would you tell me so im not so suprised?
             Em
I wish you'd shelter me
              Cadd9
I wish you'd bring me in again
       G                        Cadd9
But I know inside that i've reached the end

[Refrão]

    D              Cadd9          G
I know you can not forgive me now
    D                    Cadd9      G
I know the hardest part is getting by
    D                 Cadd9         G
I know theres no way to change this now
D                  Cadd9
This time I already know

( G  Cadd9  Em  Cadd9 )
```

```
        G        Cadd9
Understand, how I feel
Em                    Cadd9
Losing you has taken me away
       G           Cadd9
My mistake, that I deal with
     Em                     Cadd9
I deal with time, and over time again

[Ponte]

          Em
Would you lie to me?
          Cadd9
Would you cover up my eyes?
         G                D
Would you tell me so im not so suprised?
             Em
I wish you'd shelter me
              Cadd9
I wish you'd bring me in again
       G                        Cadd9
But I know inside that i've reached the end

[Refrão]

    D              Cadd9          G
I know you can not forgive me now
    D                    Cadd9      G
I know the hardest part is getting by
    D                 Cadd9         G
I know theres no way to change this now
D                  Cadd9
This time I already know

    D              Cadd9          G
I know you can not forgive me now
    D                    Cadd9      G
I know the hardest part is getting by
    D                 Cadd9         G
I know theres no way to change this now
D                  Cadd9
This time i'm letting go
```
