

Father John Misty - Funtimes In Babylon

Tom: E

Fun times in Babylon

That's what I'm counting on

Before the dam goes up at the foot of the sea

Before the new wing of the prison ribbon ceremony

Before the star of the morning comes looking for me

I would like to abuse my lungs

Smoke everything in site with every girl I've ever loved

Ride around the wreckage on a horse knee-deep in blood

Look out Hollywood, here I come

Fun times in Babylon

Momma they've just begun

Before they put me to work in a government camp

Before they do my face up like a corpse and say get up and dance

Before the beast comes looking for last year's rent

I would like to abuse my lungs

Smoke everything in site with every girl I've ever loved

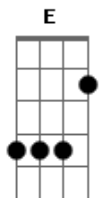

Ride around the wreckage on a horse knee-deep in blood

Look out Hollywood, here I come

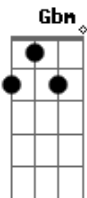

Look out Hollywood, here I come

Look out Hollywood, here I come
