

Father John Misty - The Night Josh Tillman Came to our Apt.

By every half-wit of distinction she keeps around
                                                               And now every insufferable convo

                                                               Features her patiently explaining the cosmos

                                                               Lately, I can't stop the wheels from spinning

Intro: G - C - G - C
                                                               I feel so unconvincing
                                                               When I fumble with your buttons
Oh, I just love the kind of woman who can walk over a man
                                                               G|- C - G - C
                            Am
I mean like a god damn marching band
She says, like literally, music is the air she breathes
                                                               She blames her excess on my influence but gladly Hoovers all
                  D7
And the malaprops make me want to fucking scream
                                                               my drugs
I wonder if she even knows what that word means
                                                               I found her naked with the best friend in the tub
                  Em
Well, it's literally not that
                                                               We sang "Silent Night" in three parts which was fun
                                                                                      D7
G|- C - G - C
                                                               Til she said that she sounds just like Sarah Vaughan
                                                               I hate that soulful affectation white girls put on
                                                                             B7
                                                                                         Fm
Of the few main things I hate about her, one's her petty,
                                                               Why don't you move to the Delta?
Someone's been told too many times they're beyond their years I obliged later on when you begged me to choke ya
