

Faye Webster - Give Me A Chance

tom:
Bb (forma dos acordes no tom de G)
Capostrate na 3ª casa

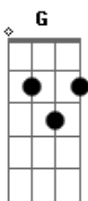

I don't know if I need this
But I want nothing else
Trouble can bring me down
He can't tell me how
I'm gonna get to you
I'm aware what is going on
What else is there to do
When you're head over heels
For something so surreal
You don't play by the rules
[Chorus]
This is my first romance
I'm gonna love you like I told you I would
If you give me a chance
I'm gonna love you like I told you I would
If you give me a chance
[Verse]
Trouble made his way into this
Yeah he started a war

He told me what not to do
He said don't mess with you
Or he'll never leave me
So I made a home in my heart
For trouble to stay
No matter how nice I can be
Well I asked trouble away
He turned his back on me
[Chorus]
This is my first romance
I'm gonna love you like I told you I would
If you give me a chance
I'm gonna love you like I told you I would
If you give me a chance
[Final]
I've let him stay with me for way too long
Now I'm trouble myself
But if you liked me then
And you're ready to give in
You're gonna love me now
You're gonna love me now
Yeah you're gonna love me now
