Intro: D7M G7M D7M G7M

I saw her, on that dress
 She's beautiful, but I can't do that
 I want to love her, but I need to love myself

Sorry if I hurt you, and I didn't want to do that
 Love me, love me, trust me, trust me

Cause I will still love you tonight
 Love you, love you, trust you, trust you

Cause I don't want to hurt you? all the time

I want to love her, but I need to love myself
 Sorry if I hurt you, and I didn't want to do that
 Love me, love me, trust me, trust me
 Cause I will still love you tonight
 Love you, love you, trust you, trust you
 Cause I don't want to hurt you
 Love me, love me, trust me, trust me
 Cause I will still love you tonight
 Love you, love you, trust you, trust you
 Cause I don't want to hurt you? all the time
