

Fernando Duarte - Trazendo a Novidade

tom:
G

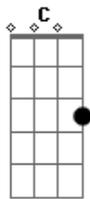

O frevo Chegou agora
Trazendo a Novidade
Vem Renovando a Memória
Invadiu Toda a Cidade
Vem ver a Moçada no Passo
A Sombrinha Oscilando na Mão
Juntando Todos os pedaços

O Futuro e a Tradição
Eu Vejo a Estrada do Frevo
Olhando a manhã Despertar
Do seu atraso tenho medo
Modernidade invenção, vou abraçar
Viva e deixe viver
Compondo a nova história
Do Povo sempre a Frever
No Caldeirão da Glória
