

FIDLAR - Bloody Nose

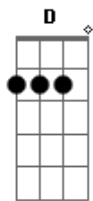

tom:
Capostrate na 2ª casa

Tell me a lie, tell me a story
Tell me anything, don't you worry
Tell me about the booze and the Bowery
And all about the drugs in the morning

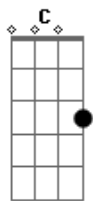

I've seen your face before
Though I didn't recognize
'Til you walked out the door
And I've seen that face before
Now I'll always wonder why
It don't know me anymore

We'll take the car down the highways
We won't get fooled by the bad days

And all the money we took from the last one
Clean your bloody nose in the bathroom

I've seen your face before
Though I didn't recognize
'Til you walked out the door
And I've seen that face before
Now I'll always wonder why
Don't know me anymore

I've seen your face before
Though I didn't recognize
'Til you walked out the door
And I've seen that face before
Now I'll always wonder why
Don't know me anymore
