

Filanos - The One Who Takes You Home

Tom: E

Intro: A7M Dbm B

I just woke up from another dream

Where everything seemed so unclean

I thought I had you but now I know

That in the end, you let me go

I couldn't wait

I wouldn't rely on fate

You needed space

And I you as my date

And all that lies beneath has got to keep its place, yeah

And what is ahead is there for us to trace

I've got to be the one who takes you home

We've got to see the things that make us whole

Don't you want to dream? Don't you want to feel

The possibility of it getting real?

We ought to believe

That all's there just for us

(Dbm B)

The other day, I was afraid

'Cause you didn't stay and I stayed awake

All these thoughts going up my head

They started messing with the feelings that I had

And all that lies beneath has got to keep its place, yeah
