

Filipe Benedito - Inverno

tom:

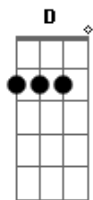

G

As flores do jardim superam os muros
Atravessam as cercas
Preenchem o vazio do quintal
Quando vem a alegria
As lágrimas de um choro
São como roupa no varal
O calor que emana o dia
Seca toda gota fria
Que escorre rumo ao chão

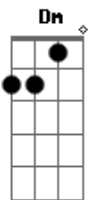

G D Dm D Am
Como um abraço apertado a Sua companhia
C Dadd9
Manda embora a solidão
G D Dm D Am
Secando do meu rosto toda gota fria
C Dadd9
Com o afago da Sua mão
G D Dm D Am
Quando vier a alegria as flores surgirão
C
Sem respeitar muros, cercas não existirão
Dadd9
E o quintal vazio
G
Preenchido estará

[Final] **G D Dm**
D Am C Dadd9
