Fink - Yesterday Was Hard On All Of Us

Tom: C

```
   Intro: C Am F Am Am
C                       Am
  Where do we go from here?
F               Am        Am
  Where do we go?
C            Am              F                        Am      Am
  And is it real or just something we think we know?
C                      Am
  Where are we going now?
F                 Am       Am
  Where do we go?

C           G          Am           Em           F
Am       Am
     Cause if it's the same as yesterday, you know I'm out,
just so you know,
F          C          G              Am
    Because, because      our paths they cross,
F           C          Am      G           F
  Yesterday was hard on all of us,       on all of us

Am G F F

```

```
Am C C C
C                           Am
  Who can we trust from here?
F                   Am        Am
  Who can we trust?
C             Am             F                    Am      Am
  And are you real or just something from wanderlust?
C                      Am           F
  Who can you trust when ears we flower?
                       Am        Am
  Who can you trust?

C           G          Am           Em           F
Am    Am
     From cradle to grave, from ashes to ashes, from dust to
dust,
F              C          G              Am
    Because, because      our paths they cross,
F           C          Am      G           F
  Yesterday was hard on all of us,       on all of us
