```
                tom:
                   A
          Am                  D7
Maybe it's me, or maybe it's you
  G                C
Maybe I never learned my lesson
  Am               D7
Someone to seek, someone to soothe
  G               C
Someone to answer all your questions

      Am               D7
I don't know what to tell ya
  G          C
Maybe I never knew
  Am          D7
Not tryna make you jealous
   G            C
But it looks so good on you
   Am              D7
Been stuck on elevators
   G           C
In airports and empty rooms
   Am           D7
Been stuck here, waiting for you

    Am
For cryin' out loud
    D7
I'm calling your name
   G
You're wearing me out
     C
But I love you the same

   C7M        Am
 For cryin' out loud
    D7
Your heart is a maze
   G
You're running your mouth
             C
But I'm singing your praises

  C7M
(Ooh-ooh-ooh)

    Am                   D7
All of your clothes all over the floor
   G                   C
All of it happened in a hurry
      Am              D7
Show me the ropes, then you show me the door
     G          C
Why don't you show me why you're so worried?

      Am               D7
You're sweating off your makeup
   G              C
You're running every light
```
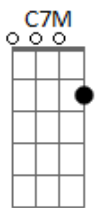

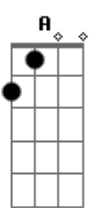

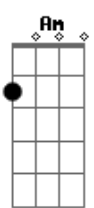

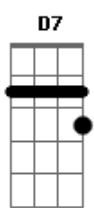

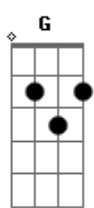

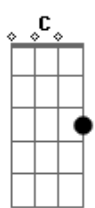

```
      Am                  D7
What's gonna help you wake up
   G               C
Won't help you sleep at night
   Am              D7
Sometimes I see the future
   G             C
Sometimes I'm not so bright

The meaner you are, the harder to leave

(Ooh-ooh-ooh) Walking away with your kiss on my cheek
                   G
And a bruise underneath
