Come on out, come on out,

Gb F Bb

Cause you're more likely to get cut with a dull tool,

than a sharp one

Bb

You, you stuck around,

Db

You stuck around,

Eb **G**

You stuck around,

C

Until you got me

A **Ab** **G**

Then, then you got me

Bb

You, You don't kiss when you kiss,

Db

You don't fuck when you fuck

Eb

C

A **Ab** **G**

You don't say what you mean, you don't talk not enough

No possible, impossible patience

Impossible

You forgot the difference between equanimity and passivity

You forgot you have to try, you have to try, you have to try

You forgot that glorious feeling that you get when you get the truth

So tell that girl you don't love her

And if you do, tell her two times

Cause you're more likely to get cut with a dull tool, than a sharp one
