

Fiona Apple - Shadowboxer

tom: C Dm G7 G

Once my lover, now my friend

What a cruel thing to pretend

What a cunning way to condescend

Once my lover, and now my friend

[Verse 2]

Oh, you creep up like the clouds

And you set my soul at ease

Then you let your love abound

And you bring me to my knees

[Pre-chorus]

Oh, it's evil babe

The way you let your grace enrapture me

When well you know I'd be insane

To ever let that dirty game recapture me

[Chorus 1]

You made me a shadowboxer, baby

I wanna be ready for what you do

Well I've been swinging around me

'Cause I don't know when you're gonna make your move

[Verse 3]

Oh, your gaze is dangerous

And you fill your space so sweet

If I let you get too close

You'll set your spell on me

[Verse 4]

So darlin' I just wanna say

Just in case I don't come through

I was onto every play

... I just wanted you

[Pre-chorus]

Oh, it's evil babe

The way you let your grace enrapture me

When well you know I'd be insane

To ever let that dirty game recapture me

[Chorus 2]

So I'm a shadowboxer, baby

I wanna be ready for what you do

And I've been swinging around at nothing

I don't know when you're gonna make your move

[Chorus 1]

You made me a shadowboxer, baby

I wanna be ready for what you do

Well I've been swinging around me

'Cause I don't know when you're gonna make your move
