

Fiona Apple - Werewolf

Tom: C

G
I could liken you to a werewolf, the way you left me for dead
But I admit that I provided a full moon

G
And I could liken you to a shark, the way you bit off my head
But then again I was waving around a bleeding open wound

F Em7
But you were such a super guy

Am
'Til the second you get away from me

F Eb
We were like a wishing well

D
And a bolt of electricity

F Am
But we could still support each other

C Bb
All we gotta do is avoid each other

F Em7 Dm Am
Nothing wrong when a song ends in the minor key (x2)

C
Bb Eb
The lava of a volcano

Bb Eb
Shot up hot from under the sea

D Gbm

One thing leads to another

E
And you made an island of me

G|- E - G

G
And I could liken you to a chemical, the way you made me
compound to compound

Am G F
But I'm a chemical too, inevitable you and me would mix

G
And I could liken you to a lot of things, but I always come
around

Am G F G
Cause in the end I'm a sensible girl. I know the fiction of
the fix

F Em7
But you were such a super guy

We were like a wishing well

And a bolt of electricity
