Gm F
Sometimes I feel so cold
Like I'm waiting
Around all by myself
Loneliness gets so old
I'm in the lost and found
Sitting on the shelf
Eb F
Been stuck for way too long
But I hear Your voice
You're who I'm counting on

Gm Eb F Bb F 2 X
Oh, tell me You're here
That You
Will watch over me forever
Oh, take hold of my heart
Show me

You'll love me forever

Eb F

Gm F
I know that You can tell
When I start
To let my hope fade away
I need to catch myself
Open my ears to hear
You calling my name

Eb F
Been fighting way too long
But I hear Your voice
You had me all along

Refrão

Gb Gm Bb F Gb Gm F Gb
When I'm starting to drown
You jump in to save me
When my world's upside down
Your hands
They shake me and wake me
