

First Aid Kit - Ghost Town

```
Tom: C
                                                               And you're all laughing in the garden and I'm lost somewhere
                                                               in your mind
  Verso:
All of these ghost towns I keep travelling through
                                                               Refrão:
                                   G
All of these traffic signs and lonesome bars blindsiding me
                                                               If you've got visions of the past
and you
                                                               Let them follow you down
                      F7M
And I swear I can be better
                                                               For they'll come back to you someday
I could be more to you
                                                               And I found myself attached to this railroad track
But there are things that lie in my path
                                                               But I'll come back to you someday
That I just have to do
                                                               To you
Refrão:
                                                                   F7M C
                                                               To you
If you've got visions of the past
                                                                    F7M
                                                               To you
Let them follow you down
                                                               Someday
For they'll come back to you someday
And I found myself attached to this railroad track
                                                               Maybe I should just turn around and walk away
But I'll come back to you someday
                                                                                G

                                                               For no matter how much I really do want to stay
To you

                                                               You know I can't no, it's too late
To you
                                                               Refrão:
    F7M
To you
                                                                                                     F7M
                                                               For I've found myself attached to this railroad track
Someday
                                                               But I'll come back to you someday

And I remember how you told me all that you wanted to do

                                     G
That dream of Paris in the morning or a New York window view
