

First Aid Kit - In The Hearts Of Men

```
tom:
            C
In the hearts of men, in the arms of mothers
In the parts we play to convince others
                        F7M
We know what we're doing, we're doing it right
May have written books on the subject, but then you may still
be surprised
By your tone over the phone, to your sister while waiting in
line
Am
At the shopping mall just outside of town

F7M

G
0ooh
                         F7M
In the hands of teachers, in the books you read
The things we say when we've lost the lead
I still try to speak up, when my voice won't make a sound
And I thought it all over too many times
                               F7M
When there is no use, and the lights are all out
I just give it up, and I walk home
           G

Past the shopping mall that's just closing... Down
Oh-hoo, laa-da-da
Oh-hoo, laa-da-da-da
0h-hoo

We tell yourself you are must be what you be
Who's to say who is who and what is what if you simply don't
agree, now
Am
Time will come to claim you, and it will have its way
              G
                            \mathsf{Am}
Don't make no mistakes and don't regret
Am
              G Am
Don't waste the time that is left
And then do it all... With a goddamn smile
Laa-la-la, laa-la-la
Laa-la-la, laa-la-la
Am
Laa-la-la
Laa-ah-aah
In the hearts of men, in the arms of mothers
In the parts we play to convince others
