

# Five Finger Death Punch - Battle Born

Tom: **D**

Verse 1:

**D**  
Once upon a time  
I swore I had a heart  
**G**  
Long before the world I know  
Tore it all apart  
**D**  
Once upon a time  
There was apart of me I shared  
**G**  
Years before they took away  
The part of me that cared

Chorus:

**G**  
I've been a thousand places  
**D**  
and shook a million hands  
**Bm**  
I don't know where I'm going  
**A**  
But I know just where I've been  
**G**  
I've flown a million miles  
**D**  
And I rode so many more  
**Bm**  
Everyday a castaway  
**A**  
A vagabond battle born  
A battle born

Verse 2:

**D**  
Once upon a time  
I had an open point of view  
**G**  
But that was just so long ago  
Before I had a clue  
**D**  
Was there such a time  
Where I didn't stand alone  
**G**  
Was there ever a time

And how would I of known

Chorus:

**G**  
I've been a thousand places  
**D**  
and shook a million hands  
**Bm**  
I don't know where I'm going  
**A**  
But I know just where I've been  
**G**  
I've flown a million miles  
**D**  
And I rode so many more  
**Bm**  
Everyday a castaway  
**A** **G(Intro)**  
A vagabond battle born
