

Five For Fighting - Two Lights

Tom: **G**

What is courage **A**
Is it brave? **E**

What are Lions

I've only seen them in parades **G7**
How is love supposed to read **Gb**

In a footnote of history **Bm7**
What's a tap on your shoulder **E**

That you're afraid to look over **A7**
A soldier's down in a fire fight **Bm7**

No one will look me in the eye **A7**
This is what it means to be alone. **B**

Tear out my Heart **A**
Feed it to Lions **Bm7**

For this one wish I beg you this tonight **D**
Show me no mercy **E**

But spare me my pride **Bm7**
I'm going for a drive **D**

I'm going for a drive **E**

And if you find out he's coming home **D**
When I come around the corner **C**

I'll know that it's all right **D**
If you leave me two lights **A**

He was young just 23 **A**
Didn't have to go **E**

But it was the man he wanted to be **G7**
Like every son he was an only one **Gb**

And one day he said to me **Bm7**
Freedoms nothing to look over **E**

Till each man can stand upon its **A7**
Shoulder **D**

I'll right you mountains of letters **Bm7**
A7

Each one a little bit better **B**

Know that I'll ever be alone **D**
Tear out my Heart **A**

Feed it to Lions **Bm7**
For this one wish I beg you this tonight **D**

Show me no mercy **E**
But spare me my pride **A**

I'm going for a drive **D**
And if you find out he's coming home **E**

When I come around the corner **C**
I'll know that it's all right **G**

If you leave me two lights **D**
Silent Angel **A**

Light the road up ahead **C7**
As the sentries guard the way **Bm7**

On the avenue of borrowed time **Am7**
[Solo] **G7**

[Solo] **A** **E** **Bm7** **D** **E**

I'm almost home **A**
The suns to rise **E**

The suns to rise **E**

I got to know

I've been driving all the night **G7**
There's are corner up ahead **Gb**

I'm alive and I am dead **Bm7**
I drive right through the stop sign **E**

Turn my head as I lift my eyes **A7**
My eyes burn **D**

Tear out my Heart **E**
Feed it to Lions **Bm7**

For this one wish I beg you this tonight **D**
Show me no mercy **E**

But spare me my pride **Bm7**
I'm going for a drive **D**
