

Flávio Venturini - Andarilho de Luz

tom: A

Uma estrela caiu
 E nos desejou
 Um amor maior que os andes
 Das geleiras azuis

A montanha acordou
 E emaranhou
 Viajante solitário
 Avião e vapor

(G F Eb F)
 (G F Eb F)
 (Gm F)

Lua lua luou
 E gravou no céu
 O seu disco flutuante
 Minha vista nevou

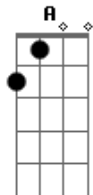

Andarilho de luz
 Veio me trazer
 Un sendero luminoso
 Gavião e condor

(G F Eb F)
 (G F Eb F)
 (Gm F)

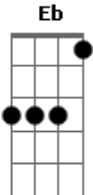

Nas trincheiras do sol
 Todos os irmãos
 Mesma trilha guerrilheira
 Violão e cantor
 Quem pintou amanhã
 Paz de bom pastor
 Sentimento quebra gelo
 Coração e calor

(G F Eb F)
 (G F Eb F)
 (Gm F)
