

Flávio Venturini - Noites de Junho

tom:

Intro: Abm C7M G7 G7 Cm7 Gb D D G Dm Db
C B Dm

Se você tivesse entra_do na minha vida de outra manei_ra
Cm7 E Db B D D G Dm

Deixando a porta aberta e a luz da sala ace_sa

Como se gostar fosse seu no_me

O tempo e o mo_do do ver_bo da lenha

Queiman_do na fogueira

E nesse dia para sempre meu seri_a

Esses dois olhos claros que tem das noites de ju_nho

O brilho de todas as estre_las

Porque seu nome quer dizer príncipe

Mas eu nunca serei sua prince_sa

Eu cheguei na hora incerta, bati na porta errada

E não adiantou de nada confessar

O meu amor da vida intei_ra

(Cm7 Gb D D)
(G Dm B C7M)

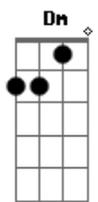

E hoje quando finge que não me conhece

Você parece mais aquela estre_la

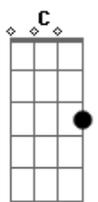

Que brilha como du_as no frio das noites de ju_nho

E no meu peito acende a foguei_ra
