Standard tuning and a slight delay/echo effect. If you are playing the old version, use a volume pedal. Listen to the record to get the strumming correct during the choruses.

This comes before the 1st verse Hit the last open note very softly.

you want your freedom...

who am I to keep you down, down...

the way that you feel it...

like a heartbeat...

and what you lost...

thunder only happens when it's raining...

they will go... when the rain washes you

clean you'll know...

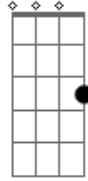

you will know...

Repeat all of the above except the solo for the next two verses...

you'll know... you'll know... you will know...
 ...END
