

Fleetwood Mac - Storms

tom:

D

Every night that goes between
I feel a little less
As you slowly go away from me
This is only another test

And every night you do not come
Your softness fades away
Did I ever really care that much?
Is there anything left to say?

[Refrão]

Every hour of fear I spend
My body tries to cry
Living through each empty night
A deadly call inside

[Primeira Parte]

I haven't felt this way I feel
Since many a year ago
But in those years and the lifetimes past
I did not deal with the road
And I did not deal with you, I know
Though the love has always been
So I search to find an answer here
So I can trully win

[Refrão]

Every hour of fear I spend
My body tries to cry
Living through each empty night
A deadly call inside

[Segunda Parte]

So I try to say goodbye my friend
I'd like to leave you with something warm
But never have I been a blue, calm sea
I have always been a storm

Always been a storm
Ooh, always been a storm
I have always been a storm
We were frail

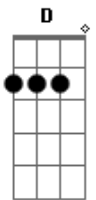

(D A7 D G)
(D A7 D)

She said
"Every night he will break your heart"
I should have known from the first
I'd be the broken hearted

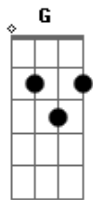

(D A7 D)

I loved you from the start
Save us
And not all the prayers in the world
Save us
