

Florence and The Machine - Queen Of Peace

Tom: Db

(com acordes na forma de
Capotraste na 1ª casa

Oh, the king

Gone mad within his suffering

Called out for relief

Someone cure him of his grief

His only son

Cut down, but the battle won

Oh, what is it worth

When all that's left is hurt

Like the stars chase the sun

Over the glowing hill, I will conquer

Blood is running deep

Some things never sleep

Suddenly I'm overcome

Dissolving like the setting sun

Like a boat into oblivion

Cause you're driving me away

Now you have me on the run

The damage is already done

Come on, is this what you want

Cause you're driving me away

Oh, the queen of peace

Always does her best to please

Is it any use

Somebody's gotta lose

Like a long stream

I'll bear all this echoing

C)

Come on, is this what you want

Cause you're driving me away

And my love is no good

Against the fortress that it made of you

Blood is running deep

Sorrow that you keep
