[Verse I]

**Am** And the air was full **G**  
**F** Of various storms and saints **E E**

Praying in the street **Am**

As the banks began to break **Dm Em**

And I'm in the throes of it **Am**  
**Dm** Somewhere in the belly of the beast **Em**

But you took your toll on me **Am**  
**Dm** So I gave myself over willingly **Em**

Oh, you got a hold on me **Am**

I don't know how I don't just stand outside and scream **Dm Em**

I am teaching myself how to be free **Dm Em**

[Verse II]

**Am** The monument of a memory

You tear it down in your head **Dm**

Don't make the mountain your enemy **Em**

Get out, get up there instead **Am**

You saw the stars out in front of you

Too tempting not to touch **Dm**

But even though it shocked you **Em**

Something's electric in your blood

[Pre-Chorus]

**Dm** And people just untie themselves **C**  
**Am** Uncurling lifelines **G Dm**

If you could just forgive yourself **Am G**

[Chorus]

**Am** But still you stumble, feet give way **Dm Em**

Outside the world seems a violent place **Am**

But you had to have him, and so you did **Dm Em**

Some things you let go in order to live **Am**

While all around you the buildings sway **Dm Em**

You sing it out loud, who made us this way **Am**

I know you're bleeding, but you'll be okay **Dm Em**

Hold on to your heart, you'll keep it safe **F Em Am**

Hold on to your heart, don't give it away

[Verse III]

**Am** You'll find a rooftop to sing from

Or find a hallway to dance **Dm Em**

You don't need no edge to cling from **Dm Em**

Your heart is there, it's in your hands **Am**

I know it seems like forever

I know it seems like an age **Dm Em**

But one day this will be over **Dm Em**

I swear it's not so far away

[Pre-Chorus]

**Dm** And people just untie themselves **C**  
**Am** Uncurling lifelines **G Dm**

If you could just forgive yourself **Am G**

[Chorus]

**Am** But still you stumble, feet give way **Dm Em**

Outside the world seems a violent place **Am**

But you had to have him, and so you did **Dm Em**

Some things you let go in order to live **Am**

While all around you the buildings sway **Dm Em**

You sing it out loud, who made us this way **Am**

I know you're bleeding, but you'll be okay **Dm Em**

Hold on to your heart, you'll keep it safe **F Em Am**

Hold on to your heart
