Tom: **Ab**

**Ab** **Db**  
The mixtape's got a little Hank, little Drake  
**Eb**  
A little something bumping, thump, thumping on the wheel ride  
**Ab** **Db**  
The mix in our drink's a little stronger than you think  
**Eb**  
So get a grip, take a sip of that feel right  
**Ab** **Db**  
The truck's jacked up, flat bills flipped back  
**Eb**  
Yeah you can find us where the party's at

**Db** **Eb**  
This is how we roll  
**Db** **Eb**  
We hanging round singing out everything on the radio  
**Db** **Eb**  
We light it up with our hands up  
This is how we roll  
**Ab**  
This is how we do  
**Eb** **Fm**  
We're burning down the night shooting bullets at the moon baby  
**Db** **Eb**

**Eb** **Fm**  
If you roll with me yeah you know we rollin' high  
**Db** **Ab**  
Up on those 37 Nittos, windows tinted hard to see though  
**Eb** **Fm**  
How fresh my baby is in the shotgun seat oh  
**Db** **Ab**  
Them kisses are for me though, automatic like a free throw  
**Eb** **Fm**  
This life I live it might not be for you but it's for me
