

Flyleaf - Head Underwater

Tom: Eb

(com acordes na forma de Capotraste na 1ª casa D)
Intro: Bm G D Bm G D Bm

G D Bm
Head underwater
G D Bm
Don't think I have the strength tonight
G D Bm
They push me any further
G D Bm
I will find the words to fight
G D Bm
'Cause what they say about me
G D Bm
Cuts deeper than the sharpest knife
G D Bm
And in my head a replay
G D
I'm looking at that red light

Bm G D Bm G D Bm

G D Bm
I'll drown in the water
G D Bm
If I listen to the sound
G D Bm
Of cruel laughter
G D
I let the stones fall to the ground

Bm G D Bm
They don't know a thing about me
G D (hold)
And still the wolves are crying out
Bm G D Bm G
And I hear you say, "I'll take you away"
Bm G
So will you stand for something
D A
And give them back the ammunition
Bm G
Or will you let them tell you who you are
G
My love is deeper than the stars
Bm G
You are bigger than the scars that you feel at night
D A
When you're holding your pillow tight
Bm G
And you're wishing someone would call you home
G
It's you and I alone
A Bm G
It's you and I alone
A Bm G
You and I alone
D A Bm G
It's you and I alone
A Bm G
You and I alone
Bm
Head underwater
Don't think I have the strength tonight
