Now here are the lyrics. Listen to the song and play the various

riffs at the right parts in the song.

You make me dizzy running circles in my head  
One of these days I'll chase you down  
Well look who's going crazy now we're face to face my friend  
Try to get out, Try to get out

(Chorus)  
You know you make me breakout, make me breakout  
I don't wanna look like that, I don't wanna look like that  
You know you make me breakout, make me breakout  
I don't wanna look like that, I don't wanna look like that  
You know you make me break...

I can see it's in your face it's all for you  
The more and more see, can't break quite through  
Yeah therapy still scares me putting me on my back again

I may be crazy, little frayed around the ends  
One of these days I'll phase you out  
Burning in the blast off, Burning in the blast off  
Watch me crawl away  
Better get out, Better get out

(Chorus)  
You know you make me breakout, make me breakout  
I don't wanna look like that, I don't wanna look like that  
You know you make me breakout, make me breakout  
I don't wanna look like that, I don't wanna look like that  
I don't wanna look like that

BREAKOUT, BREAKOUT, BREAKOUT, BREAKOUT, GO GO GO

(Chorus)  
You know you make me breakout, make me breakout  
I don't wanna look like that, I don't wanna look like that  
You know you make me breakout, make me breakout  
I don't wanna look like that, I don't wanna look like that  
I don't wanna look like that, I don't wanna look like that  
You know you make me breakout, make me breakout
