fret

and use your ring finger to play the variations...

(verse)

"What have we done with innocence..."

(pre-chorus)

"One in ten..."

(chorus)

"Don't want to be your monkey wrench"

(bridge)

(Gtr. 1)

(Gtr. 1)

This little riff is only played live. That's one of the best add-on that Dave have done. That's really fast paced and played 2 times in the song (after each Intro riff). For the intro on the AT&T Acoustic show Dave is only playing the first part of the riff and ends it on palm-mutes. Play that barre with your index always on the 7th
