

Foo Fighters - The Sky Is A Neighborhood

Tom: F

Intro: Em B G A
C Em A

The sky is a neighborhood, so keep it down

The heart is a storybook, a star burned out

The sky is a neighborhood, don't make a sound

Lights coming up ahead, don't look now

The sky is a neighborhood

The sky is a neighborhood, don't look now

Oh my dear, heaven is a big thing now, gotta get your sleep somehow

Bangin? on the ceiling, bangin? on the ceiling, keep it down

Oh my dear, heaven is a big thing now, gotta get your sleep somehow

Bangin? on the ceiling, bangin? on the ceiling, keep it down

Mind is a battlefield, all hope is gone

Trouble to the right and left, whose side you're on?

Thoughts like a minefield, I'm a ticking bomb

Maybe you should watch your step, don't get lost

The sky is a neighborhood

The sky is a neighborhood, don't get lost

Oh my dear, heaven is a big thing now, gotta get your sleep

somehow

Bangin? on the ceiling, bangin? on the ceiling, keep it down

Oh my dear, heaven is a big thing now, gotta get your sleep somehow

Bangin? on the ceiling, bangin? on the ceiling, keep it down

The sky is a neighborhood

The sky is a neighborhood

The heart is a storybook, a star burned out

Someone coming up ahead, don't look now

Oh my dear, heaven is a big thing now, gotta get your sleep

Bangin? on the ceiling, bangin? on the ceiling, keep it down

Oh my dear, heaven is a big thing now, gotta get your sleep somehow

Bangin? on the ceiling, bangin? on the ceiling, keep it down

The sky is a neighborhood

(Oh my dear, heaven is a big thing now, gotta get your sleep somehow)

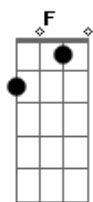

The sky is a neighborhood

(Bangin? on the ceiling, bangin? on the ceiling, keep it down)
