Okay, okay, okay

^{Em} The God who made the universe
Knows me by my name ^C
So it's a good day

^G Baby in my arms walking
Through the neighbourhood ^D
Living in the present
Not would've, should've or could ^{Em}
I remember back when

I was low as a rug ^C
Now I'm standing up
Look at what my Father does ^G
Turning old things new

Grey skies blue ^D
Hear the church saying
"Won't He do it" ^{Em}
I know He's got my back ^C
That's why I'm singing that

^G I'm 'bout to have a good day (good day)
No matter what they say (what they say) ^D
^{Em} The sun is shining down on me
Birds are singing praise ^C
I'm 'bout to have a ^G good day (good day)
In every single way ^D
^{Em} The God who made the universe
Knows me by my name ^C
So it's a good day
