

Foster The People - Ruby

Tom: Eb

(com acordes na forma de Capostrate na 3ª casa C)

And there she falls

She was sitting really nice with a head full of advice from friends

She walks around

She tries to rearrange but everything goes under her bed

And it's countless

She's got a jar full of change saved up for vacation

And she's watching

She's watching her sons growing up just like their mom

And it's hard

But I say Ruby, Ruby, Ruby

You gotta start lifting your

Head up, Head up, Head up

And I say Ruby, Ruby, Ruby

I know it's hard but you gotta get

Out of Bed, Out of Bed, Out of Bed

Yeah she don't know what to do,

She's got everything but nothing to lose

(F)

She got a call from a guy

Just seeing if she's alright,

Yeah she's got a face full of tears

held back by the strength of five.

And she says happiness ain't free

Everybody fights just like me

But I've given up the ability to retreat.

But I say Ruby, Ruby, Ruby

You gotta start lifting your

Head up, Head up, Head up

And I say Ruby, Ruby, Ruby

I know it's hard but you gotta get

Out of Bed, Out of Bed, Out of Bed

Yeah she don't know what to do,

She's got everything but nothing to lose

(F G F G)

Yeah you've got time to figure it out,

I'm here so don't be scared.

You've got time to figure it out,

I'm here and I am here.

Yeah you've got time to figure it out,

I'm here so don't be scared.

You've got time to figure it out,

I'm here so don't be scared.

(F G C) (2x)

I said Ruby, Ruby, Ruby

I said Ruby, Ruby, Ruby

I said Ruby, Ruby, Ruby

I said Ruby, Ruby, Ruby

I said Ruby, Ruby, Ruby

All alone

Rest your head,

on my lap

When your down

All alone

Rest your head,

on my lap

On my lap

Ruby Ruby

Ruuuuby Don't Go
