They threw me to the wolves, left me alone
Under the moon, cold as a stone
Bm G

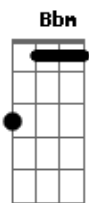

But I learned to walk where the shadows play
And led the pack at the break of day

With the stones they threw, I built my walls
A castle strong that never falls
From the ashes, I took my stand
Turned the pain into my command

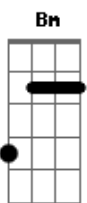

They tried to break the fire inside
But the flame grew strong, it refused to die
Every scar is a map of the fight
A story of strength, a beacon of light

With the stones they threw, I built my walls
A castle strong that never falls

[Ponte]

The winds may howl, the skies may cry
But my heart won't sink, it only flies
Through the storm, I see the way
A brighter sun, a clearer day

With the stones they threw, I built my walls
A castle strong that never falls
From the ashes, I took my stand
Turned the pain into my command
