

Foxy Shazam - Evil Thoughts

Tom: **Db**
Intro: **Db Fm Ebm Ab**

As my lamp grows dim and I'm hardly hangin' on **Db Fm**
In this path I've been followin' for years **Ebm Ab**
Now is not so well lit **Db**
And the pieces don't fit no more **Fm**
Should I proceed or turn back around? **Ebm Ab**
Lord, let me know what I should do **Db**

Evil thoughts, evil powers seek my mind **Db**
I feel lost every time **Fm**
Evil force, evil ways close behind **Ebm**
I need love, I need love, I need love **Ab**

Back the way I came, nothin' looks the same **Db Fm**
And the bread crumbs I've left along the way **Ebm Ab**
Now have been eaten away **Db Fm**
By the birds I have left in my past **Ebm Ab**

Should I proceed or turn back around? **Ebm Ab**
Lord, let me know what I should do **Db**

Evil thoughts, evil powers seek my mind **Db**
I feel lost every time **Fm**
Evil force, evil ways close behind **Ebm**
I need love, I need love, I need love **Ab**
All I know isn't always the truth, yeah **Db**
All I know isn't always the case, oh **Fm**
All I know isn't always the truth, ah **Ebm**
All I know isn't always the case **Ab**

As the days grow long and the sun's gone down **Db Fm**
It's so hard for me

Evil thoughts, evil powers seek my mind **Db**
I feel lost every time **Fm**
Evil force, evil ways close behind **Ebm**
I need love, I need love, I need love **Ab**

All I know isn't always the truth, yeah **Db**
All I know isn't always what it seems **Fm**
I need love, I need love, I need love **Ebm**
