

Francesca Battistelli - Someday Soon

Tom: G

I wanna be the one who knows everything about you
I wanna be the one who's always on your mind
I wanna be the one to get all of your affection and attention
You're the one that I've been waiting for, for all this time

And I can't imagine anything, anything better than

Someday falling in love with you
Holding your hand

Making our plans all come true

Someday under a sky so blue

I'll give you my heart

Our story will start

Someday soon

I wanna be the one who does everything with you

Watching stars, washing cars, taking walks, going to the store
I wanna be the one who gets to change her last name someday
To something that sounds something more like yours

Someday falling in love with you
Holding your hand

Making our plans all come true

Someday under a sky so blue

I'll give you my heart

Our story will start

Someday soon

Yeah I'll be telling you I love you

On a picture perfect day

And those words inside my head

They sound like angels singing praise

It's what I was made to say

Acordes
