

Frank Sinatra - Everything Happens To Me

```
Tom: D
                                 Bm
Black cats creep across my path until I'm almost mad;
 Bm Gb
I must have roused the devil's wrath
     Bb7
'Cause all my luck is bad.
Melody:
                                                Gdim
I make a date for golf, and you can bet your life it rains;
                                           B7
          Α
                          Am
I try to give a party, and the guy upstairs complains.
               Dbm7
                                 Gb7
I guess I'll go thru life just catching colds and missing
trains -
Em7
Ev'rything happens to me.
                                              Gdim
                               Gbm7
I never miss a thing - I've had the measles and the mumps,
                        Am
And ev'rytime I play an ace, my partner always trumps.
  Em7
                Dbm7
                             Gb7
```

```
I guess I'm just a fool who never looks before he jumps -
       A7 D
Ev'rything happens to me.
At first my heart thought you could break this jinx for me,
     Am7
                     D7
                                    G
That love would turn the trick to end despair;
                   Db7
    Abm7
But now I just can't fool this head that thinks for me -
    Bm7 Gb Bm7 E7 Em7
I've mortgaged all my castles in the air
                                   Gbm7
    Fm
I've telegraphed and phoned, and sent an airmail special, too;
     Em7
                                    Am
Your answer was "Good bye" and there was even postage due.
                 Dbm7
                             Gb7
                                              Bm7
 Em7
I fell in love just once, and then it had to be with you -
                         D7M
      A7
                   D
Ev'rything happens to me,
          A7
Ev'rything happens to me.
