

# Frankie Orella - Tennis Rackets

tom:

[Primeira Parte]

**C** **Em**  
Surrounded by family  
**Am**  
But I still feel alone  
  
The problem is you and me  
**Am** **C**  
And you think that we get along  
**Em**  
Mama says you ain't blind  
**Am**  
Is it just when you look at me  
  
You say it's all in my mind  
**Am**  
You never believe me

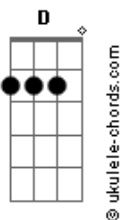

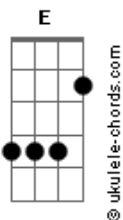

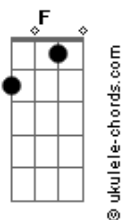

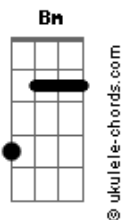

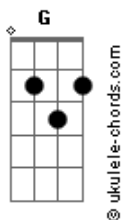

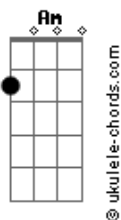

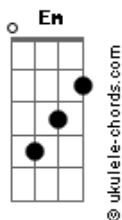

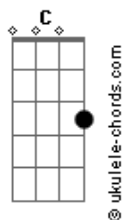

[Refrão]

**Am**  
Remember when I broke my tennis racket  
**G** **Am**  
The Gatorade I spilled on my white jacket  
**C** **Em**  
I still smell sweat and feel the fear, I see your face  
**Am**  
Remember when you left 'cuz I was losing  
**G** **Am**  
The way you show your love is so confusing  
**C** **Em**  
I still feel like that kid who hid from all your rage  
**Am** **Bm** **C** **F** **(E )**  
But I... still... wish... you... stayed

[Segunda Parte]

**C** **Em**  
You're a little too much  
**Am**  
That's what you scream at me  
  
You're always trying to be the judge  
  
You make me the enemy
