

Frente - Accidentally Kelley Street

Tom: A

Here's a door and here's a window

Here's the ceiling, here's the floor

The room is lit lika a black and white movie

The TV's on, that's what it's for

And if you walk real slowly, you can feel the planet breathe

There's no need to feel so lonely now that we've all learned to give

Accidentally Kelly Street where friends and strangers sometimes meet

Accidentally Kelly Street I never thought life could be so sweet

In the garden birds are singing

The sun is shining on the path

The wind is talking to the flowers

The dogs and cats all take a bath

And if you stop that talking you can hear the traffic sigh

Throw away those keys, start walking and watch those tiny things go by

It's Sunday everyday and there's no need to rush around

Inside of everybody there's sun and laughter to be found

It seems that we're on holidays

And sleeping in is not a sin

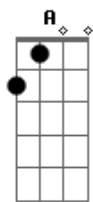

All the house work's done by teatime

I'm felling good about the way I've been

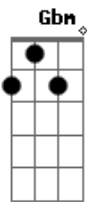

Perhaps this optimism will crash on down like a house of cards

I know that my decision to change my life was not that hard
