

Freya Skye - Someone to Love

tom:
Intro: C E F B

[Verse 1]

Have you ever tried
To lasso up the moon
To grab it like a fool
Try to pull it home
Like it's just a balloon

Have you ever died
A little bit inside
At the thought of something slight?
Crying in your mind
Just fearing it's true

[Pre-Chorus]

There'll be beautiful, ugly
Steady and clumsy
Vinegar, honey

Yeah, the seasons be changing
Life re-arranges
So all that we gotta do is

[Chorus]

Find someone to love
Love
Lo-o-o-ove
Someone to love
Lo-o-o-ove
Love

Someone to know ya
Hold ya
And dry your every tear
And make you feel loved
Lo-o-o-ove
Loved

[Verse 2]

You won't have to hide

Acordes

Run scared into the night
Think heaven's outta sight
Baby you can just open your eyes
[Pre-Chorus]

See there's beautiful, ugly
Steady and clumsy
Vinegar, honey, yeah

And the seasons be changing
Life re-arranges
So all that we gotta do is

[Chorus 2]

Find someone to love
Love
Lo-o-o-ove
Someone to love
Lo-o-o-ove
Love

Someone to know ya
Hold ya
And dry your every tear
And make you feel loved
Lo-o-o-ove
Loved

Find someone to love
Love
Lo-o-o-ove
Someone to love
Lo-o-o-ove

Someone to know ya
Hold ya
And dry your every tear
And make you feel loved
Lo-o-o-ove

[Final]

Someone to love
