

Gabi Pasche - Ninguém Dorme

tom:
Gbm

Agora tudo faz sentido pra nós dois
Desse jeito, do meu lado, te venero
Meu amor, eu preciso dizer que te amo, te quero

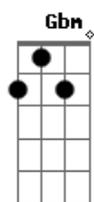

No teu abraço me desfaço da saudade

Tem magia, alegria, tudo é festa

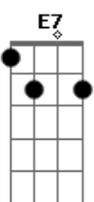

O teu desejo é meu desejo

E o nosso beijo tem gosto de felicidade

O céu já clareou

Ninguém dorme
A noite vira dia

A vida tem mais cor

Somos nós dois
E a euforia de estar

Junto a todo tempo

Não termina nem com a luz do amanhecer

Isso é que é viver
