

Gabriella Whited - Dear Best Friend: I'm In Love With You

Tom: F

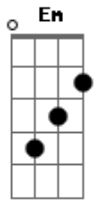

Summer time in June
Holding your hand
We were hiding in the woods
Because of your dad
How do I tell her I'm in love with my best friend?
When we're together I just can't help but pretend
That I don't want a boyfriend
No
How do I tell her that I want her to kiss me?
Under the covers where no one can see me
I'm in love with my best friend
No
Don't tell all of our friends
That I'm in love with my best friend
Hey
Don't tell our parents
Cuss I'm in love with my best friend
Summer time with you drink our sins
We were dancing on the roof
Your dad was so mad

How do I tell her I'm in love with my best friend?
When we're together I just can't help but pretend
That I don't want a boyfriend
No
How do I tell her that I want her to kiss me?
Under the covers where no one can see me
I'm in love with my best friend
Yeah
Don't tell all of my friends
That I'm in love with my best friend
Hey
Don't tell our parents
I'm in love with my best friend
Some day when we're older
Don't say it's over
Some day when we're older
Could I love you?
Some day when we're older
Don't say it's over
Some day when we're older
Could I love you?
'Cause I want to
