                                                               So what were we thinking?
  n
                                                               You got me a cab and we said we were done
So what you been doing?
                                                                And I thought I was fine
I've been loving my life waking up on my own
                                                                But the days were so long and they rolled into one
Are you doing the same thing?
                                                                And I, I couldn't believe you were taking it in your stride
You can say if you like but I don't need to know
                                                               And then you tell me that you miss me and I'm like
                Gbm
And I, I've been wondering why we've been wasting all this
                                                               Oh God, I miss you too its all I ever do
                                                               I'm coming back to you and I won't let go
So what you been doing?
                                                               Oh God, I miss you too we got making up to do
I thought that I saw you I guess I was wrong
                                                                I'm coming back to you and I won't let go again
Are you doing the same thing?
                                                                Oh, I won't let go again
Convincing yourself that you're better alone
                                                               Will you be my best friend? Will you be my last?
And I, I've been wondering why we've been wasting all this
                                                                I need somebody who can love me like that
Then you tell me that you miss me and I'm like
                                                               Will you be my best friend? Will you be my last?
                                                                I need somebody who can love me like that
