

## **Gabrielle Aplin - Start Of Time**

```
Tom: Eb
                                        C)
(com acordes na forma de
Capostraste na 3º casa
Oh today I'm just a drop of water
               Em
And I'm running down a mountainside
              Em
Come tomorrow I'll be in the ocean
C Am
                Em F
I'll be rising with the morning tide
There's a ghost upon the moor tonight
      Am
Now it's in our house
     Am
When you walked into the room just then
     Am
It's like the sun came out
    \mathsf{Am}
             Em
I'm an atom in a sea of nothing
        Em F
Looking for another to combine
C Am Em
Maybe we could be the start of something
                Em
Be together at the start of time
```

```
There's a ghost upon the moor tonight
F7M
       Am
Now it's in our house
F7M
When you walked into the room just then
        Am
It's like the sun came out
         G
It's like the sun came out
It's like the sun came out
And the day is clear
My voice is just a whisper
Louder than the screams you hear
It's like the sun came out
                       G
It's like the sun came out
```
